A Washington dispatch says the Democrats are worrying about the possibility that President Wilson may want a third term. Probably the Democrats can find enough to worry about if they confine themselves to the President's first and second term. —Kansas City Star.

MUSCLES FELT AS IF TIED IN KNOTS

Hudson Says "It Is Simply Wonderful What Tanlac Did For Me."

"If anybody had told me what Tanlac could do for me what it has done I would not have believed them," said C. R. Hudson, of Knoxville, Ill. "It freed me from rheumatism after twelve years of awful suffering," he continued, "and my stomach trouble is also gone."

"I was in such bad shape that I could scarcely digest a thing, and any solids would give me such cramps in my stomach that I could hardly stand them. Gas would form and affect my heart so bad I would get faint and have to lie down. The rheumatism made my legs swell all out of shape and the muscles felt like they were tied to knots. I could not straighten my right leg at all and it pained me so I could find no rest. At night it was especially bad and I simply rolled from one side of the bed to the other unable to get any sleep. Not being able to work any more I rented my farm and moved to town. I tried every sort of medicine I ever heard of but got worse all the time."

"One day I heard some people talking about how much good Tanlac had done them and I decided to try it, and the way it took hold was simply wonderful. I now can eat anything I want, my rheumatism is all gone and I sleep like a log every night. I feel as strong and well as I ever did and am going back to the farm able to do as much as I did years ago. If anyone wants to know about Tanlac, send them to me."

Tanlac is sold in Cedar City by the Cedar City Drug Store and in Parowan by the Parowan Drug Company.

It Isn't Your Town—It's You.

(Contributed)

If you want to live in the kind of a town
Like the kind of a town you like,
You needn't slip your clothes in a grip

And start on a long, long hike.
You'll only find what you left behind;

For there's nothing that's really new.

It's a knock at yourself when you knock your town;

It isn't your town—it's you.

Real towns are not made of men afraid,

Lest somebody else gets ahead.

When everyone works and nobody shirks,

You can raise a town from the dead

And if, while you make your personal stake,

Your neighbor can make one, too,
Your town will be what you want to see;

It isn't your town—it's you.
—Author Unknown.

Mr. McAdoo says he is waiting for the Democratic presidential nomination to seek him. He seems to be due for a "long watchful waiting," but then as the son-in-law of the originator of that policy, he should be conversant with the fact that there is no end to it.—Charleston Mail.

The clean-cut businesslike design of the "Z" Engine results from efficiency in manufacture. A farm engine, to be efficient, must be properly designed—may also have graceful lines—free from geegaws.

Immensely strong in every part—weight where weight is needed. Every strain foreseen—every contact part case hardened—all parts carefully, precisely made by accurate machine work—therefore interchangeable.

Looks like a thoroughbred—is one. Delivers a steady flow of power—runs smoothly—operates economically. Unit assembly, precision methods, and efficient design make it the perfect farm engine. A mighty pleasing engine to look at. Come in and see it today.

Other "Z" features are: Runs on kerosene, coal oil, tops, as well as gasoline; built in Bosch high tension oscillating magneto; more than rated power; every part interchangeable; long-lived endurance.

BLIND AND CRIPPLED THROUG MISSISSIPPI MIRACLE MAN

The miracle man in the flesh is said to be performing wonderful feats of healing through faith and prayer along the lower Mississippi. He is John Cudney, 75 years old, who lives on a houseboat, and now tied up at New Orleans. He prefers to be called "Brother Isaiah." Thousands have thronged

the houseboat, some out of curiosity, but mostly the blind and crippled, who hoped to be healed. Many stories are told of healings. Police have been forced to throw up rope lines and maintain order to keep the people from swarming the little boat. Cudney will accept no fee, accrediting the work to Divine Power.
